Professional Summary

Enthusiastic and detail-oriented **Frontend Developer** eager to apply skills in **HTML, CSS, JavaScript, ReactJs, and Bootstrap** to build responsive and user-friendly websites. Designed and developed "Food Munch", a responsive website showcasing food items with detailed information and integrated videos to enhance user experience. Proficient in creating clean and structured UI designs with frameworks like Bootstrap and ensuring seamless **responsiveness** across devices. Familiar with version control tools like Git and back-end basics using SQLite. Committed to learning and growing as a developer while delivering high-quality, functional, and visually appealing web applications.

Technical Skills

Frontend: HTML, CSS, JavaScript, ReactJs

Backend: SQL lite

FrameWorks: BootStrap

Tools: Git

Other Skills: Responsive Design

Projects

Food Much

- A fully responsive website that offers a comprehensive list of food items and detailed information about each item
- Designed to provide the best user experience with HTML structure elements and Bootstrap components
- Implemented product videos to give customers a clear view of the food items.

Goa Page

- Developed a static website using HTML and CSS, incorporating Bootstrap for responsiveness.
- Implemented responsive flex design and integrated video streaming via hyperlinks to enhance user experience across devices.
